## **Seneca Storytime Club**

**Seneca School's third- and fourth-grade students know that reading to preschool children gives them a head start in school. As a community service project, each month students host a Storytime Club for children between the ages of 3 and 5. Each preschooler has a third- or fourth-grade reading buddy, who reads from a selection of bright, colorful books. Refreshments are served as well. Parents are encouraged to check out books from the school library for their children or themselves.**
